RE: NHIC ZIP CODES

Following are the zip codes for California contained within NHIC's database for processing ambulance claims. You may want to consider developing an internal edit of your claims to assure the zip code you submit matches one of the codes listed below. If it does not and you submit the claim, it is likely that the claim will be rejected in the initial edit process that all claims submitted to NHIC go through.

If you have a code not listed and you are sure it is a valid code, you may want to consider submitting that particular claim via paper with a cover letter stating the reasons you believe the zip code is valid. Also, if you know of valid zip codes not listed below, please contact me at the CAA offices and I will forward them to the appropriate individuals at NHIC.
